

# December Newsletter

## Principal's Message

It's hard to believe we are into the month of December already. We had a great November at CDS with highlights including a presentation by The Egg Farmers of Nova Scotia, a Remembrance Day Service, after school intramurals for students in grades 3-6, and the development of our new school logo.

There has been quite a bit of sickness, so we've been reminding students of the importance of frequent handwashing and staying in your own personal space. Should your child be sick, we ask that you use the SchoolMessenger app to report the absence and provide details (symptoms) in the comment box.

I appreciate all of your support the last few months as I've adjusted to my new role at CDS. I would like to wish you and yours a safe, happy and healthy holiday season.
